

CFR-49 – DIFFERENCES TRAINING

As you may be aware the CFR-49 was updated at the end of 2020 and changes were made. A year's transition is in place but by 28 December 2021 companies testing under the DOT regulations need to be compliant.

Bancroft have created a one-day remote training course to cover these changes, held monthly between August to October 2021. Delivered via Zoom, and certification issued upon successful completion.

Content covered includes:

- CGA pamphlet IBR revisions
- CGA C-1 use, replacing parts of part 180.205
- Marking of cylinders used for liquefied gases
- Revised and reworded definitions
- Instruments, calibration and use at lower pressures
- Repeat tests
- Fire extinguisher use and testing
- Recordkeeping requirements

TRAINER INFORMATION - Chris Hinchey

- ✓ Over 30 years' experience in the gas cylinder industry
- ✓ Teaching in both hemispheres for 30 years
- ✓ BSc(Hons) Mechanical Engineering. AMIMechE
- ✓ A trained trainer, trains DOT IIA auditors
- ✓ DOT IIA and ADR auditor; IRCA qualified

Highly experienced in design, installation, maintenance and troubleshooting of numerous pressure testing and handling equipment, including self-made and OEM manufacturers

COURSE DATES:

2nd August 2021

6th September 2021

4th October 2021

The cost is £750.00 per company.

To make a booking, please complete the application form and email to louise@bancroft.co.uk.

Cancellation Policy.

All of our courses are bespoke; time and materials are prepared considerably in advance and customised for each course. Cancellation or rescheduling more than 30 days before the scheduled date is free of charge. If a course is cancelled within 30 days of the scheduled date, the full course fee is payable. Rescheduling incurs a £250 administration fee.

1. Training Booking Form				
1. 1. Course Required	✓ DOT CFR 49 Differences Training			
2. Dates		3. Time zone	UK	
2. 1. Required Date(s)	Option 1	Option 2		
4. System and cylinder specifications				
3.1. Test system	<input type="checkbox"/> Galiso GTC <input type="checkbox"/> Galiso RecOpen <input type="checkbox"/> Galiso Rec4Open <input type="checkbox"/> Other (specify) _____			
3.2. Cylinder types <i>Please list ALL specifications tested – this is the basis of the training scope</i>	<input type="checkbox"/> 3/3A/3AA <input type="checkbox"/> 3AL <input type="checkbox"/> 4B/4BA/4BW <input type="checkbox"/> 4D/DA/DS <input type="checkbox"/> 3HT <input type="checkbox"/> Special Permit(s) <i>Please list ALL</i> _____ <input type="checkbox"/> Other _____			
3.3. Test pressures used	Min	Max		
5. Company details				
5.1. Company Name		RIN number and expiry		
5.2. Company Address				
5.3. Contact Name and email				
5.4. Phone Number		Mobile		
5.5. Training Location [3B]	REMOTE TRAINING			
<p>All operators require good verbal and written English language skills (i.e. fluent). We must be made aware of any delegates who cannot speak or read English as we can adapt the course accordingly. A translator can be used - additional time may be required. Please state the number that best describes each delegates standard of English in the box below: 1) Almost no understanding; 2) Able to read English with assistance. Verbal understanding limited; 3) Basic understanding of spoken and written English; 4) Good understanding , able to understand most verbal and written English; 5) Fluent – able to interpret</p>				
Delegates A standard course accommodates up to 4 operators and 1 manager Managers do not need full proficiency with the equipment and may be Quality Department, support engineers or other persons requiring familiarity but not full operational test system use		English – Enter number as above	Operator /Manager	Previous Training Date
5.6. Delegates Names Please print <u>exactly as it should appear on the certificate</u> <i>More than 4 operators plus 1 supervisor can be accommodated but will incur additional time for practical assessments</i>	1.		<input type="checkbox"/> O <input type="checkbox"/> M	
	2.		<input type="checkbox"/> O <input type="checkbox"/> M	
	3.		<input type="checkbox"/> O <input type="checkbox"/> M	
	4.		<input type="checkbox"/> O <input type="checkbox"/> M	
	5.		<input type="checkbox"/> O <input type="checkbox"/> M	
	6.		<input type="checkbox"/> O <input type="checkbox"/> M	
	7.		<input type="checkbox"/> O <input type="checkbox"/> M	
I confirm information above defines the training need, and all operators have good numeracy
